

AUT delivery to customers

- **AUT deliver goods to their customers using, third party carriers, on a 2-3 day basis.**
- **AUT charge the cost of the carriage as an extra cost, unless a customer has requested the carriage cost is 'built into' the supply price and this is included in the AUT offer.**
- **AUT can offer next day and same day deliveries at the request of a customer and these are charged as an extra cost.**
- **AUT can supply 'proof of delivery' if requested.**
- **AUT avoid using the general UK postal service as it is too uncertain and there is no 'proof of delivery' as part of standard service.**
